

Environmental Policy Statement

Warden Plastics Ltd. is fully committed to meeting its responsibilities under the applicable environmental directives and regulations and has set specific goals and objectives to meet those responsibilities. To achieve the agreed targets and objectives a responsible person has been appointed who will ensure that the relevant Company policies and procedures are effectively maintained and implemented.

To comply with environmental statutory provisions and the duties imposed by those provisions, Warden Plastics Ltd. will ensure that the significant impacts of its activities on the environment shall be adequately assessed and documented.

Through the introduction of the above policies and procedures Warden Plastics Ltd. will implement measures to ensure the protection of the environment, including prevention of pollution. Any waste created will be correctly stored, discharged and disposed of, and will be continually reviewed and reduced wherever possible.

Environmental issues will be regularly discussed and reviewed. Any subsequent corrective action requirements shall be recorded in accordance with Company procedures.

Warden Plastics Ltd. will also ensure that regular compliance reviews are carried out to ensure conformance to environmental regulations, and of their procedures, targets, training and this policy in order that continual improvements are made.

Signed

Managing Director
Mark Barrett
